

Connerton Elementary is an amazing school. From location and community involvement to unique classroom settings and activities, COES strives to help each student reach their highest potential.

Our campus is located in Land O' Lakes, Florida and is part of the Pasco County School District. The District School Board of Pasco County is System Accredited by AdvancED/Southern Association of Colleges and Schools. Opening in the 2009-2010 school year, COES is currently home to over 840 students from kindergarten through 5th grade. We are the Champions and our colors are green and gold. Our Champions grow into young Panthers at Pine View Middle Middle School and on to be the mighty Gators at Land O' Lakes High School, our friendly neighbors on Gator Lane adjacent to School Board Headquarters.

The students of Connerton participate in many school-based activities. We have implemented programs such as [Odyssey of the Mind](#), band, chorus, Safety Patrol, and ORFF (percussion). Extra events include our Fall Festival, Science Fair, Intermediate Dances, Book Parade, Movie Nights, Spring Fling, PTA special events, and Parent Evenings for math and reading. Our staff is always committed to organizing programs that are beneficial for our students and parents.

Our school sets high expectations for our staff and students. Our school has consistently earned high ratings by the Florida Department of Education. We have been awarded the Five Star Award for several consecutive years and were recently awarded the Silver National Award from the [Alliance for a Healthier Generation](#).

Student of the Month Celebrations are held monthly to recognize academic achievements and good citizenship. Students, staff, and parents are rewarded for their successes and accomplishments during our Celebrations.
